

Remembering the past; looking to the future

MPO President Steve Petroff

It is hard to believe that it is almost time for Christmas. That means it is time to get your Christmas greetings and other personal announcements to the MPO office by November 19. The deadline for New Year's greetings is December 17.

On another note, January is membership month. We are again having another Early Bird contest for Chapter membership and Memberships at Large for the MPO. The deadline is January 31, 2022.

The awards are the following: First place \$100, Second place \$ 75 and Third place \$50. This is a good time to encourage your friends and family members to join the MPO and enter the drawing at the same time.

Here at the MPO we have gained members every year. But let's see if we can pass that goal and have even more this year than years prior. This leads me to say that everyone is aware that we

have not had a convention in the last two years and the convention is our biggest fund raiser. This is very important to our organization. Our donations are down, and we need the support from everyone to keep this organization running. Every little bit counts. Please give if you can and help support the MPO.
