

Remembering the past; looking to the future

MPO President Steve Petroff

Greetings! Winter is leaving and spring is quickly approaching. We have a lot of wonderful things happening as we get ready for 100th Anniversary of the MPO. One thing is we are expanding the Tribune to twelve pages. Four of the pages on the inside will be strictly for the 100th Anniversary. If you are a descendant of

past presidents, editors of the Tribune, or would like to share memories of past conventions, please contact Stephanie at the office by phone or emailing her. Starting in March we will highlight three presidents in each Tribune. We also have sponsorship opportunities available. It is very important that we receive these in

order to support the convention and the MPO. Let us not forget that February is a special month for the Macedonian Tribune. This is a month that our past leaders set as a way to support the Tribune. Please give if you can. I hope everyone is doing well and making plans to join friends and family at our 100th Anniversary Convention.
